## Information about Copyrighted Content

Some instruments administered for studies archived with ICPSR may contain in whole or substantially in part contents from copyrighted instruments. Reproductions of the instruments are provided as documentation for the analysis of the data associated with this collection. Restrictions on "fair use" apply to all copyrighted content. More information about the reproduction of copyrighted works by educators and librarians is available from the United States Copyright Office.

### NOTICE

#### WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

*Well-Being and Basic Needs Survey, United States, 2021*  
*DS 2: Noncitizen-Oversample Restricted-Use Data*

1. **Restricted-Use:** ICPSR restricted certain variables from general dissemination for reasons of confidentiality. Users interested in obtaining the restricted data must complete a restricted data use agreement with ICPSR, specify the reasons for the request, and obtain IRB approval or notice of exemption for their research. Apply for access to the restricted data via the ICPSR restricted data contract portal which can be accessed on the study home page.
2. **Statistical Limitations:** Variable labels in **Q53\_B**, **Q54I\_B**, **Q54K\_B\_3**, **Q54J\_C\_3**, **Q54K\_C\_1**, **Q54K\_C\_2**, **Q54K\_C\_5**, **Q54K\_D\_5**, **Q54K\_E\_3**, **Q54K\_E\_4**, **Q54K\_E\_5**, **Q54J\_G\_1**, **Q54J\_G\_3**, **Q54J\_G\_4**, and **Q54K\_G\_1** through **Q54K\_G\_5** are truncated in the data files due to character limitations in the statistical packages. Please see the questionnaire for full labels.
3. **Constructed Variables:** The variables **PPAGE** through **ANY\_CH\_SCH\_NR** occur in the data but not the documentation; no further information was provided.
4. **Variable Differences:**
  - a. The variables **ID**, **VARUNIT**, **WEIGHT**, **Q17\_REFUSED**, and **Q41\_SP** are present in the data, but not in the documentation; no further information was provided.
  - b. Some variables that are referenced in the questionnaire are not included in the data set released by ICPSR; no further information was provided.
  - c. There are several variables that are identical between the P.I. Documentation and the data even though the naming of the variables is slightly different; no further information was provided.
5. **Additional Information:** For additional information on this study, please visit the study report page on the [Well-Being and Basic Needs Survey](#).

### **Variable Description and Frequencies**

**Note: Frequencies displayed for the variables are not weighted. They are purely descriptive and may not be representative of the study population. Please review any sampling or weighting information available with the study.**

**Summary statistics (minimum, maximum, arithmetic mean, median, mode, and standard deviation) may not be available for every variable in the codebook. Conversely, a listing of frequencies in table format may not be present for every variable in the codebook either. However, all variables in the dataset are present and display sufficient information about each variable. These decisions are made intentionally and are at the discretion of the archive producing this codebook.**
